PRICE LIST, SPRING of 1929
 BERRY PLANTS, ORNAMENTAL SHRUBS, ETC.
 BERT BAKER, Hoosick Falls, N.Y.

INTRODUCTION

Our Business—We have for several years been growing Berry Plants in a large way, shipping many of them in full carload lots and supplying several of our largest and most reputable Nurserymen with plants, they again selling them at greatly advanced prices. We have now added several acres of Shrubs and Evergreens to our Nursery. You will notice our prices are much less than is generally charged by Nurserymen, our very modest price-list with no large amount paid for advertising, enables us to sell the very best quality of stock at a considerable saving in price. We have small quantities of many varieties not listed. Write for prices of anything wanted not listed, or if a large number of any stock is wanted, we can often quote a special price. Visitors always welcome. No stock moved on Sundays.

Location—We are located in the extreme eastern part of the state, among the foothills of the Adirondack Mountains, and only a few miles from either Vermont or Massachusetts. The main line of the Boston & Maine Railroad runs through our village. Our winters are very severe, thus making our stock much more hardy than those grown in warmer localities. Our soil varies from a gravel loam to muck, making it possible for us to grow the different varieties on the type of soil best adapted to their particular needs, thus producing large plants with a great abundance of fibrous roots.

Terms—Cash should accompany the order, or one-fourth when order is sent and balance before the order is shipped. Money may be sent any way that is most convenient to the sender. 6 will be given at 12 rates, 50 at 100 and 500 at 1000 rates. If plants are to be sent by Parcel Post add 15c per 100 for strawberries, 40c per 100 for raspberries and a proportionate amount for shrubs.

Guarantee—We guarantee our stock to be true to name, yet through mistake should any be sent that did not prove so, we will gladly return purchase price.

Free of Disease—We send a State Certificate of Inspection with each order.

References—Any Bank or Business House in Hoosick Falls, Bradstreet's Commercial Agency, and the leading Nurserymen of the U. S.

RASPBERRIES

Our Raspberry Plants are extra strong No. 1 quality, they are much superior to those sold by most Nurserymen, they have been officially inspected twice during their growing season and are certified as apparently free from Mosaic and other diseases. We take the utmost care to have every plant true to name and can guarantee them to be such.

Cuthbert—The best known red, very productive of the highest quality of fruit. **\$1.00 per 25; \$2.75 per 100; \$20.00 per 1000.**

Herbert—Enormously productive, fruit larger but not quite firm as Cuthbert. Bush is more hardy and much more productive than Cuthbert, and is the most resistant to Mosaic of any of the commercial varieties of reds. **\$1.25 per 25; \$3.25 per 100; \$22.50 per 1000.**

Latham—A new variety from Minnesota, very hardy and exceedingly productive of the very largest berries. We believe the Latham to be the most profitable red to grow commercially. Our plants are a very heavy fruiting type of this wonderful variety. **\$1.50 per 25; \$4.00 per 100; \$30.00 per 1000.**

St. Regis Everbearing—Does well with many producing abundant crops until heavy frosts, have never known the canes to winter kill. This is by far the best of the everbearing reds. **\$1.00 per 25; \$3.00 per 100; \$20.00 per 1000.**

Golden Queen—The leading yellow Raspberry.. Excellent flavor. **Price same as Latham.**

Columbian Purple—The best purple and the most productive of all Raspberries. **\$1.75 per 25; \$4.00 per 100; \$30.00 per 1000.**

Plum Farmer—The most satisfactory Black Raspberry. **Price same as St. Regis.**

Snyder—Hardest and most productive Blackberry in the North. **\$1.25 per 25; \$3.50 per 100; \$25.00 per 1000.**

Eldorado—Best Blackberry for home use. **\$1.50 per 25; \$4.00 per 100; \$30.00 per 1000.**

Lucretia Dewberry Transplants—**\$1.50 per 25; \$4.00 per 100; \$30.00 per 1000.**

PRICE LIST

Spring 1929

BERRY PLANTS, ORNAMENTAL SHRUBS
EVERGREENS, ETC.

For Wholesale Trade Only

BERT BAKER, Hoosick Falls, N.Y.

We offer the following which is a partial list of the surplus we have for the Spring of 1929. Most of the stock offered excepting the Evergreens and Strawberry Plants is in storage and can be shipped at any time. The past season has been very favorable for plant growth, our stock has made a large dense growth and our Shrubs being grown on a porous soil insures a mass of fibrous roots. We are located in the foothills of the Adirondack Mountains where the Winters are very cold, making our stock more hardy than that grown farther South. Visitors are always welcome to look over our growing stock.

Terms—Usual terms to parties of known responsibility. To parties unknown to us cash in advance or satisfactory bank reference.

All prices quoted are F.O.B. Cars, our Station, no charge for boxes or packing which is done in first class manner.

Fifty will be given at 100 rates, 500 at 1000 rates.

References—I refer you to any bank or business house in Hoosick Falls, Bradstreet's, and the leading nurserymen of the U. S.
